Public Hearing on the FLTF Operations and Maintenance and Capital Assessment Rolls

How to Verbally Object

If you are here to object to the assessment rolls in front of the Four Lakes Task Force board, you may simply “object to the Special Assessments” or you may provide an argument regarding why you object. Please follow these steps:

- 1. Wait in the auditorium until your number is called.**
A court recorder is present so please do not talk while in your seat so the court recorder can clearly capture everything.
- 2. Once your number is called, proceed to the microphone at the front of the auditorium.**
- 3. State and spell your first and last name and full address for the court recorder.**
- 4. State your objection.**
Property owners must provide a hard copy of any information or evidence you want the FLTF board to consider.

A team of FLTF consultants, engineers, surveyors and lawyers will review objections during the meeting.
Analysis will be created for the board to review the objections.

These consultants are also available to answer questions before you decide to object.
