

# Help Bring Back Our Lakes and Dams

Together, we can stabilize and rebuild our lakes.

On May 19 our worlds changed. When the Edenville and Sanford dams breached, the mission of Four Lakes Task Force took on greater urgency. Today our goal is to address immediate and far-reaching challenges to ensure that future generations will enjoy our priceless natural treasures for many years to come.

We need your help to bring back our thriving lake communities.

We are moving forward on many fronts – all with our eyes on the day we can celebrate the operation of the dams and the filling of the lakes. Our immediate priorities are to:

- Stabilize the dams
- Remove flood debris
- Control shoreline erosion
- Conduct engineering and water studies
- Design and construct new dams

## Your contribution will help restore the lakes and dams.

Private donations will help us accelerate our progress as we look for additional sources of funding.

Thanks to the generosity of the Patricia and David Kepler Foundation, individual contributions of up to \$5,000 will be matched until we raise \$200,000.

## Please donate today.

Donate online at [bit.ly/FLTF-donate](https://bit.ly/FLTF-donate) or by mailing a check to Four Lakes Task Force, 233 Larkin Street, Suite 2, Midland, MI 48640 with the memo, "Donation."
